Dear Mr. Bahl,

Happy new year! We thought you might enjoy starting off 2012 with some wonderful stories of hope, help and healing that you are helping to make possible through your support of the Alberta Children's Hospital Foundation.

In our new issue of *Just 4 Kids*, you will learn about a very exciting clinical trial – the first of its kind in the world – that generous donors like you have funded. Our specialists believe the drug they've developed for this trial could be a tremendous breakthrough in curing kids with intestinal failure – kids like four-year-old Hayden whose adorable picture brightens up our cover page.

This newsletter also features a story on our upcoming 2012 Country 105/Q107 Caring for Kids Radiothon. Over the past eight years, listeners and sponsors have raised over \$11 million to fund important child health programs, innovative research and life-saving equipment. You can read more about how that has helped children like eight-month-old Nyla – who is alive today because of our hospital's child health experts and technology funded through Radiothon.

We encourage you to mark your calendars and tune in to Country 105 and Q107 February 8, 9 and 10 to meet more families like Hayden's and Nyla's.

Thank you again for your continued support of the 80,000 children and families that rely on the Alberta Children's Hospital each year.

Sincerely,

A handwritten signature in cursive script that reads "Saifa Koonar".

Saifa Koonar
