Dear Mr. Bahl,

On behalf of the Alberta Children's Hospital Foundation, I would like to thank you for continue to share in the vision to build healthier futures for all our children. Our new hospital is the perfect example of what community support can do. In the same way donations elevated the design of our new hospital from ordinary to extraordinary, you are helping to raise the level of care for our children to among the best in the country. Since 2002, your organization has contributed \$10,500.00 in support of our kids. We were honoured to receive your recent gift of \$1,800.00. Your acknowledgement receipt is enclosed. As per your request, we are working with the staff of the Cystic Fibrosis area of the hospital to ensure that your gift is put to the best possible use.

Enclosed you will find information about how donor-funded research makes a difference for children right here in our province. Your support gives our doctors the ability to undertake important research initiatives and, in the end, it's children like Nicole who benefit.

Thank you again for thinking of the Alberta Children's Hospital Foundation. This year alone, your generosity will help provide life-saving and life-altering care to more than 76 thousand children and their families. From them, our colleagues at the hospital and everyone at the Alberta Children's Hospital Foundation, thank you.

Sincerely,

Patty Bambrick
Associate VP, Annual Programs

Encl.

*Thank you so much
for your commitment
to the children in our
community.*
